

Minnesota Community Health Workers Enrolled with DHS as Billable Providers

The number of CHWs enrolled with the Minnesota Department of Human Services (DHS) as CHW services providers and the number of CHWs rendering services to Minnesota Health Care Program (MHCP) participants is one way to describe the types of services CHWs are providing and how services are financed.

CHW enrollment with DHS to render services and services rendered 2021-2024

Source: Minnesota Department of Human Services (DHS), 2025

In 2024, there were 227 CHWs enrolled with DHS to render services and 39 CHWs that rendered services. In 2024 only 17% of those enrolled billed for services rendered, which is a steady, but slight increase from 9% in 2021, 10% in 2022 and 14% in 2023.

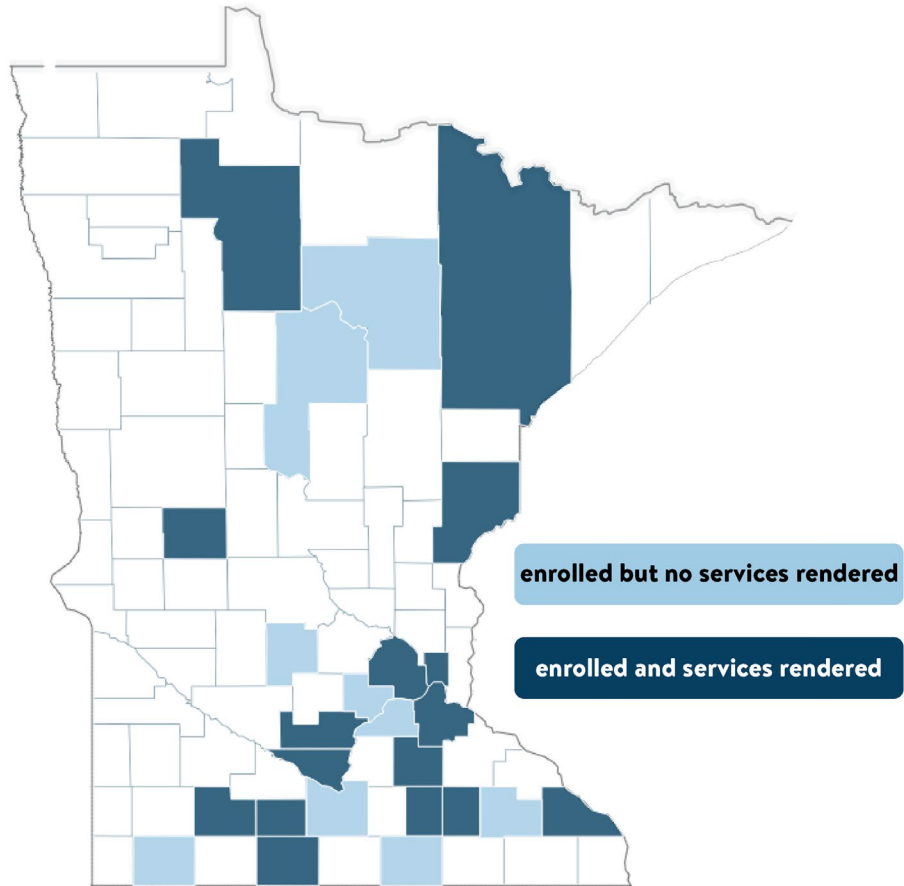

CHW enrollment with DHS to render services and services rendered 2021-2024

Employment Setting	2021	2022	2023	2024
Number of CHWs enrolled with DHS to render services	161	170	198	227
Number of CHWs that rendered services	15	17	27	39

There are a limited number of CHWs enrolled with DHS to render services and fewer are enrolled and providing billable services. Most of the CHW providers enrolled and rendering billable services are in the metro area and in the southern part of the state. No providers are enrolled to bill along the western border of the state.
