(<https://events.gcc.teams.microsoft.com/event/0b3680df-5939-4f72-a559-546a1eec75e8@eb14b046-24c4-4519-8f26-b89c2159828c>)

LEARNING OBJECTIVES

- Identify how novel/variant strains of influenza can develop and how these can be an occupational risk for newcomers.
- Recognize the risk factors for human infections of Avian Influenza (H5N1) and when human testing is recommended.
- Describe the importance of key partnerships and resource mapping to implement H5N1 preventative health education.
- Identify at least three strategies to deliver H5N1 health education to newcomers, including farmworkers.

PRESENTERS

Melissa McMahon, MPH, PhD
Epidemiologist Supervisor
Minnesota Department of Health

Rosa Kandil Pérez
Farmworker Liaison
Minnesota Department of Health

MODERATOR

Lily Rubenstein, RN, BSN, PHN
Refugee Health Nurse Consultant
Minnesota Department of Health

CME/CONTINUING EDUCATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Minnesota Medical Association and Minnesota Department of Health. The Minnesota Medical Association (MMA) is accredited by the ACCME to provide continuing medical education for physicians.

The Minnesota Medical Association designates this live internet activity for a maximum of *1.0 AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Other participants will receive a proof of attendance document from MDH following completion of a post-webinar evaluation and are responsible for determining if this training meets CE criteria for their professional organization.

The Center of Excellence in Newcomer Health is supported by NU50CK000563 (MN) from the U.S. Centers for Disease Control and Prevention.
