Don't Delay: Get COVID-19 Medications Right Away

If you are at high risk of getting very sick from COVID-19, free medications may protect you from getting really sick and make you feel better faster.

Get tested as soon as possible if you have any symptoms including fever, sore throat, cough, runny nose, congestion, or other cold-like symptoms. Do not wait until you are feeling worse.

Don't delay. COVID-19 medications need to be started in the first 5 days of symptoms.

How to get COVID-19 medications if you test positive

Scan the QR code or call 1-844-609-2415* to speak with a health care provider through the telehealth test-to-treat program. **There is no cost to you for the provider visit, prescription, or prescription delivery.**

Support offered in multiple languages including Spanish, Hmong, and Somali

OR

Ask shelter staff to connect you to a navigator who can help walk you through the process of getting medications.

OR

Talk to your regular health care provider.
